

# SPACE

From the Earth  
To the Edge of the Universe

## Symposium of the Finnish Society of Sciences and Letters

Wednesday May 17, 2017 The House of the Estates, Helsinki

09:00 Coffee

09:30 Opening

- **09:45: Prof. Alessandra Buonanno**

Max Planck Institute for Gravitational Physics, Potsdam

The new era of gravitational-wave physics and astrophysics

- **10:30: Dr. Hannu Kurki-Suonio**

University of Helsinki

Dark Energy - the mystery of the accelerated expansion of the Universe

- **11:00: Dr. Talvikki Hovatta**

University of Turku

Active Galactic Nuclei: Cosmic accelerators launched by supermassive black holes

11:30 - 13:00 Lunch break

- **13:00: Assoc. Prof. Peter Johansson**

University of Helsinki

Why are there galaxies in the Universe?

- **13:30: Dr. Gerhard Schwehm**

European Space Agency

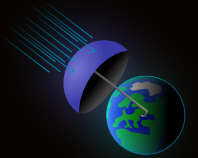

Rosetta: A European success story

- **14:15: Prof. Minna Palmroth**

University of Helsinki and Finnish Meteorological Institute

Gone with the solar wind: View on space weather

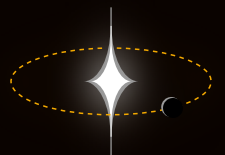

14:45 - 15:15 Coffee break

- **15:15: Prof. Didier Queloz**

University of Cambridge

Exoplanets, looking forward to universal life detection

16:00 Conclusion of the symposium

The conference is open to the public and free of charge, but advance registration is required.
